

Model Number: DOUCABWALLPOLEM-9U

Product Summary

The 9U Outdoor Network Cabinet is a high performance solution for protecting critical network equipment in harsh outdoor environments. This weatherproof cabinet is designed to provide robust protection with its IP55 rating, ensuring resistance to dust and water. It is perfect for network and server equipment deployed in exposed locations where the weather can be unpredictable, including industrial sites, data centers, or even residential setups.

Features and Benefits

This network enclosure is designed to accommodate standard 19 inch rack mounted devices, making it a versatile choice for various network applications. With internal dimensions suitable for a range of devices, it can house network access devices, wireless routers, DVRs, UPS power supplies, and more
